

# Green Chilli Water Soluble Extract - Capsicum annuum

Capsicum annuum · Solanaceae

Water-soluble extract   Water-soluble   INCI listed in EU CosIng

## 1. Product identification

|                          |                                                                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Product name             | Green Chilli Water Soluble Extract - Capsicum annuum                                                                                 |
| Botanical name           | Capsicum annuum (syn. Capsicum abyssinicum, Capsicum angulosum, Capsicum axi, Capsicum baccatum, Capsicum bauhini, Capsicum bicolor) |
| Plant family             | Solanaceae                                                                                                                           |
| Common names             | Jalapeno, Green Chilli, Mirch, Red Chilli, Chilli, Jalapeno Powder (Chilli)                                                          |
| Indian / Ayurvedic names | Lal Mirch, వీర ప కాయ, മുളക്, Hari / Lal Mirch                                                                                        |
| Plant part used          | Fruit                                                                                                                                |
| Product form             | Water-soluble extract                                                                                                                |
| Country of origin        | India                                                                                                                                |
| Product code (SKU base)  | 76708-EXTL-CAANN                                                                                                                     |

## 2. Composition and identifiers

INCI: Capsicum Annuum Fruit Extract

| INCI / COMPONENT              | FUNCTION             | CAS        | EC        | PROPORTION |
|-------------------------------|----------------------|------------|-----------|------------|
| Capsicum Annuum Fruit Extract | Botanical ingredient | 84625-29-6 | 283-403-6 | —          |

EU CosIng reference no.: 55144 · INCI status: Verified in CosIng

Where more than one CAS number is shown, the botanical substance is registered under several CAS numbers (e.g. EINECS and TSCA variants); all refer to the same INCI name.

## 3. Manufacturing

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Process   | Aqueous extraction                                                       |
| Additives | No added colours, fragrance or preservatives unless stated on the label. |

## 4. Typical properties

|                     |                                                                           |
|---------------------|---------------------------------------------------------------------------|
| Physical state      | Liquid                                                                    |
| Appearance / colour | Characteristic of the plant material; may vary naturally between harvests |
| Odour               | Characteristic                                                            |
| Solubility          | Water-soluble                                                             |

Typical values describe the product type and are not a specification. Batch-specific results (assay, moisture, microbiology, heavy metals as applicable) are given on the Certificate of Analysis, available on request.

## 5. Applications and use

|                     |                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Applications        | Skincare, Supplements                                                                                                               |
| Markets             | Cosmetics & personal care, Nutraceuticals                                                                                           |
| Suggested use level | Use according to the formulation; typical inclusion in cosmetics 1–10 %, in food and supplements as permitted by local regulations. |

The formulator is responsible for confirming suitability, stability and regulatory compliance of the finished product in the intended market. Not intended for direct medicinal use.

## 6. Packaging, storage and shelf life

|            |                                                                                                                                                                                 |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pack sizes | 225 g, 500 g, 1 Kg, 5 Kg, 25 Kg — bulk and custom quantities on request                                                                                                         |
| Storage    | Store in tightly closed original containers in a cool (below 25 °C), dry, well-ventilated place, away from direct sunlight, moisture, strong odours and incompatible materials. |
| Shelf life | 24 months from the date of manufacture in unopened original packaging stored as recommended.                                                                                    |

## 7. Documentation and quality

|                         |                                                                                 |
|-------------------------|---------------------------------------------------------------------------------|
| Safety Data Sheet       | SDS-76708-EXTL-CAANN — available for download on the product page               |
| Certificate of Analysis | Batch-specific COA available on request                                         |
| Other documents         | Allergen, IFRA, origin and other statements on request, subject to availability |
