

# Rice Bran Exfoliating Powder

*Oryza sativa* · Poaceae

Botanical exfoliant INCI listed in EU CosIng

## 1. Product identification

|                          |                                                                                                                                                                                 |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product name             | Rice Bran Exfoliating Powder                                                                                                                                                    |
| Botanical name           | <i>Oryza sativa</i> (syn. <i>Oryza aristata</i> , <i>Oryza communissima</i> , <i>Oryza denudata</i> , <i>Oryza elongata</i> , <i>Oryza formosana</i> , <i>Oryza glutinosa</i> ) |
| Plant family             | Poaceae                                                                                                                                                                         |
| Common names             | Brown Rice, Rice (White), Brown, Chawal, Red, Sathi Chawal                                                                                                                      |
| Indian / Ayurvedic names | chavel, தாंदூல, ধান, நெல் (அரிசி), சீ , നെല്ല്                                                                                                                                  |
| Product form             | Botanical exfoliant                                                                                                                                                             |
| Product code (SKU base)  | EXF-RICE-BRAN                                                                                                                                                                   |

## 2. Composition and identifiers

INCI: Oryza Sativa Powder

| INCI / COMPONENT    | FUNCTION             | CAS        | EC        | PROPORTION |
|---------------------|----------------------|------------|-----------|------------|
| Oryza Sativa Powder | Botanical ingredient | 68553-81-1 | 271-397-8 | 100 %      |

EU CosIng reference no.: 57981 · INCI status: Verified in CosIng

Where more than one CAS number is shown, the botanical substance is registered under several CAS numbers (e.g. EINECS and TSCA variants); all refer to the same INCI name.

## 3. Manufacturing

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Process   | Dried and milled / ground                                                |
| Additives | No added colours, fragrance or preservatives unless stated on the label. |

## 4. Typical properties

|                     |                                                                           |
|---------------------|---------------------------------------------------------------------------|
| Physical state      | Solid (powder)                                                            |
| Appearance / colour | Characteristic of the plant material; may vary naturally between harvests |
| Odour               | Characteristic                                                            |
| Particle size       | 60–100 mesh                                                               |

Typical values describe the product type and are not a specification. Batch-specific results (assay, moisture, microbiology, heavy metals as applicable) are given on the Certificate of Analysis, available on request.

## 5. Applications and use

|                     |                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Applications        | Perfumery, Skincare                                                                                                                 |
| Markets             | Cosmetics & personal care                                                                                                           |
| Suggested use level | Use according to the formulation; typical inclusion in cosmetics 1–10 %, in food and supplements as permitted by local regulations. |

The formulator is responsible for confirming suitability, stability and regulatory compliance of the finished product in the intended market. Not intended for direct medicinal use.

## 6. Packaging, storage and shelf life

|            |                                                                                                                                                                                 |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pack sizes | 225 g, 1 kg, 5 kg — bulk and custom quantities on request                                                                                                                       |
| Storage    | Store in tightly closed original containers in a cool (below 25 °C), dry, well-ventilated place, away from direct sunlight, moisture, strong odours and incompatible materials. |
| Shelf life | 24 months from the date of manufacture in unopened original packaging stored as recommended.                                                                                    |

## 7. Documentation and quality

|                         |                                                                                 |
|-------------------------|---------------------------------------------------------------------------------|
| Safety Data Sheet       | SDS-EXF-RICE-BRAN — available for download on the product page                  |
| Certificate of Analysis | Batch-specific COA available on request                                         |
| Other documents         | Allergen, IFRA, origin and other statements on request, subject to availability |
